

TRANSFER PATHWAY GUIDE 2023-2024

Associate in Science to Bachelor of Science in
Agricultural Economics (Agribusiness Management &
Food Marketing Option)

Overview

Completion of the following curriculum will satisfy the requirements for an Associate in Science at the Kentucky Community and Technical College System and pre-major requirements for a Bachelor of Science in Agricultural Economics (Agribusiness Management & Food Marketing Option).

Admission Requirements

Students must meet the University admission requirements to be admitted into any major within the Martin-Gatton College of Agriculture, Food and Environment.

KCTCS students planning to transfer to the University of Kentucky should work closely with a UK Transfer Advisor each semester to ensure that both KCTCS and UK degree requirements are met.

Degree Requirements

The Martin-Gatton College of Agriculture, Food and Environment requires that students in the Agricultural Economics major must earn a "C" or higher in MAT 170 (MA 123) and ECO 201. There are three options to earn a bachelor's degree (BS) in Agricultural Economics: (1) Advanced Studies in Agricultural Economics, (2) Agricultural Economics, and (3) Agribusiness Management & Food Marketing. The latter option requires students to complete a minor in business (MKT 300, MGT 301, FIN 300, & AN 300). To satisfy the Academic Enrichment Requirement, students may complete either: (1) an internship, (2) an independent research project, or (3) study abroad. This plan shows the student completing an internship (AEC 399) in the summer. Students must earn a "C" or higher in ECO 201, MAT 170, AEC 302, 303, 305, 306 and 422 or 490.

General Transfer Requirements

All prospective transfer students are encouraged to receive advising from the University of Kentucky Transfer Center. Appointments are offered online and in-person, and can be scheduled online at <https://www.uky.edu/admission/transfer-advising>.
