

TRANSFER PATHWAY GUIDE 2025-2026

Associate in Science to Bachelor of Science in Food Biosciences (Food Business Management Track)

Overview

Completion of the following curriculum will satisfy the requirements for an Associate in Science at the Kentucky Community and Technical College System and leads to a Bachelor of Science in Food Biosciences (Food Business Management Track) at the University of Kentucky.

Admission Requirements

Students must meet the University admission requirements to be admitted into any major within the Martin-Gatton College of Agriculture Food and Environment (M-G CAFE).

KCTCS students planning to transfer to the University of Kentucky should work closely with a UK Transfer Advisor each semester to ensure that both KCTCS and UK degree requirements are met.

Degree Requirements

The Martin-Gatton College of Agriculture, Food, and Environment requires that students complete an approved academic enrichment experiences, 45 credit hours and the 300-level or higher, and 120 cumulative credit hours. Students in the Food Biosciences choose from three tracks: Distillation, Fermentation and Beverage Science, Food Business Management, or Research and Development.

General Transfer Requirements

All prospective transfer students are encouraged to receive advising from the University of Kentucky Transfer Center. Appointments are offered online and in-person, and can be scheduled online at https://www.uky.edu/admission/transfer-advising.

Additionally, we recommend reviewing the transfer admission requirements (https://www.uky.edu/admission/transfer-requirements) and the Frequently Asked Questions (https://www.uky.edu/admission/transfer. In the property of the property o
